

Who is Green Built Alliance?

Green Built Alliance is a 501(c)(3) nonprofit organization with the mission to advance sustainability in the built environment through community education, measurable standards and regional action.

Community events

Building Green Real Estate Classes

Our program educates professionals on green building principles and best practices.

Industry Gatherings

We host networking opportunities including our annual member appreciation party.

CiderFest NC

Our largest fundraiser held each fall, CiderFest is the region's premier hard-cider tasting event.

Disc Golf Fundraiser

Our newest fundraiser is the annual spring disc golf tournament.

What we do

Your tax-deductible donation helps advance sustainability and green building through our programs.

Certifying hundreds of homes across the state of North Carolina each year

A simple third-party-verified assessment tool for new and existing homes

Distributing 25,000 copies of our annual Green Building Directory as a community resource

Support local clean-energy projects while reducing your carbon footprint

Education and networking through our local events, tours, classes and website

Facilitates greener public policies and operations by supporting transitions for local government, schools and businesses
